The Online Philosophy Class focuses on the Philosophy of Esoteric Healing; the science of healing through the energy field utilizing spiritual healing principles. The online class includes a deepening of knowledge of the Constitution of the Human Being, the Basic Metaphysical Principles of Esoteric Healing, Esoteric Psychology, and the Antahkarana. New information includes Spiritual Laws, New Group of World Servers, Permanent Atoms, Will, Birth-Life-Death, Spiritual Hierarchy, Soul-Mind-Brain connection, the Personality Body, Centers on the Head, and more! This online class consists of video lectures, assignments, and quizzes. Approximately 23 short videos (approx. 7 hours total) of online class content are created with the specific focus to enrich student comprehension. This online course serves as preparation for the Part 3

experiential course to continue the learning process for the practical application of Esoteric Healing.

The Online Practical Application experience is where you deepen your practical application of Esoteric Healing. This class for the practical application continues to authenticate the philosophical study of Esoteric Healing. Part 3 is a jump up in skill level from the Part 2 class with minimal review of previous classes. Students are expected to come well prepared in their process of alignment and attunement; balancing the triangles at the physical/etheric, emotional, mental, and spiritual levels learned in Parts 1 and 2; distance healing sessions; and the knowledge learned in the pre-requisite online Part 3 class that deepens the Philosophy of Esoteric Healing. In this Practical Application class we will incorporate the triangles taught in the Parts 1 and 2 classes, and several new additional Part 3 triangles, and how to balance them on the head with potent spiritual energy. An updated Esoteric Healing session protocol is provided. The process of giving and receiving Esoteric Healing sessions is transformative as students continue to support their own spiritual growth through the process of this class.

After class you will be able to assess and balance even more areas within the physical/etheric, emotional, mental, personality, and spiritual levels on the body as well as on the head; apply the Rays in your healing protocol; be more proficient at assessing an energetic imbalance and how it applies to the metaphysical interpretation of the various bodies; balance more areas of the whole being; further deepen your understanding of you and others as spiritual beings and the progression of the soul; recognize changes within yourself; and look forward to attending the Esoteric Healing Part 4 class! This just keeps getting better folks! Students are also encouraged to participate in the monthly online Esoteric Healing practice group with Bonnie through Zoom.

Who should take this class? Any Esoteric Healing student who has completed at least the Esoteric Healing – Part 2 class! Proof of attendance may be requested.
