

NAEH Book Circle

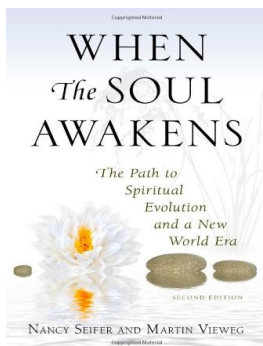

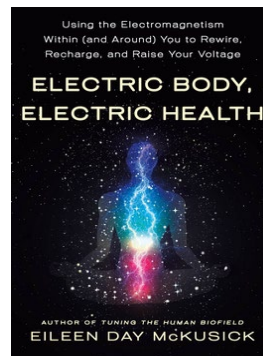

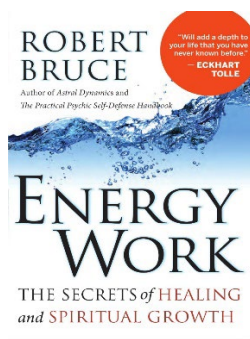

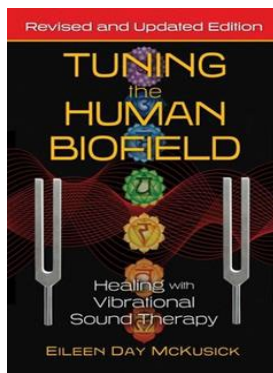

Sunday, 29 January 2023

*** 4:00 – 5:30 p.m. (ET) ***

We begin 2023 with a smorgasbord of offerings in the Book Circle discussion options!!! Rather than take on a new reading during the holiday season, let us use December and January to go over some of the books we covered in 2022, and identify any items for discussion that were not included in those gatherings that are still of interest. In particular, do you have things to ask or say about: *The Heal Documentary*, ... *Energy Work*, ... *Biofield Tuning*, ... *Electric Body*, *Electric Health*, ... *When the Soul Awakens* ... ???
If so, sign up to join (via Zoom) in the January Book Circle!

Please note the new time.

What do these readings offer in terms of our understanding and practice of Esoteric Healing? How might we use this info?
